

# SEATING & TRANSPORT EQUIPMENT

## RIFTON ACTIVITY CHAIR RANGE

The New Rifton Activity Chair, designed with two bases and a large range of optional accessories, making these chairs very versatile to suit the needs of many children. As a sitting training tool the Activity Chair can be configured as a basic classroom chair with arm support, or as a sophisticated Hi/Lo chair with full posture supports. All components are modular design for easy add-on or removal. Both the standard and the hi/lo base have tilt-in-base and backangle adjustment.

Activity Chair with Standard Base, tilt-in-space.

Activity Chair with Hi/Lo Base and optional accessories.
