

SEATING & TRANSPORT EQUIPMENT

CONVAID EZ RIDER BUS TRANSPORT

The EZ Rider is available as a bus transport model with motor vehicle tie-down anchors. This chair has been successfully crash tested at 30 mph, 20 decel in a forward-facing configuration, using a 4-point chair tie-down and a 3-point occupant restraint system. Comes with headrest extension, H-harness and heel loop/ankle cuffs.

EZ Rider Bus Transport includes headrest extension, heel loop, H Harness

EZ Rider Bus Transport tie-down to secure chair while in transit.

SEATING SYSTEM ON CONVAID EZ RIDER

The EZ Rider frame can be used as a light weight, foldable wheel chair base. Flip-up armrests and adjustable footplates comes with the chair.

*****Using the EZ Rider chair frame, FAS Seating Workshop can produce a seating system with necessary supports to suit the more involved user.**

Seating System on EZ Rider Base.
