

SEATING & TRANSPORT EQUIPMENT

COMMUNITY PLAYTHINGS MOBILITY VAN

The Mobility Van comes in a 4 and 6 seater model and is very useful for taking a small group for a walk around the park or garden or down to the shops. The upholstered seats have five-point safety harnesses, can rotate 360° allowing the children to face the carer or each other, and the seats recline 20° helping the children to get comfortable. Canopies are available to protect the children from the sun or rain. The 16" solid wheels go over grass, gravel, and curbs with ease and will not go flat. A cover is available to protect the Van when not in use.

Take 4 to 6 children out at a time.

4 seater Mobility Van
C-G644

Automatic safety brake engages instantly when you release the yellow handle.

6 seater Mobility Van with canopies
C-G649

Five-point safety harness.

Moisture-resistant upholstery

Puncture-proof 16 inch solid wheels

Easy to clean one-piece fender design

ALSO VERY USEFUL IN AN EMERGENCY WHEN YOU NEED TO EVACUATE CHILDREN QUICKLY.

360° rotation

All seats rotate 360° and lock in any position for easy supervision and maximum visibility.

20° recline

All seats recline 20° to give infants a comfortable and safe ride.

open and close

The Canopy can open and close and tilt forward and back for shielding from the sun and rain.
